Introduction

It's obvious that times have drastically changed for men over the last forty years, so *men need a new strategy when dealing with women.*

This ebook explains how and why men should use **adult dating** instead of the old 'wine and dine' strategy to hooking up with women. This is *NOT* a written work promoting misogyny. This ebook promotes a more equal psychological, emotional and economical way for men and women to relate to one another on a social/sexual level.

♂ What is Adult Dating?

It's a breath of fresh air

Adult Dating is hooking up with another warm body for the expressed purpose of 'intimate' sexual pleasure with no intention of a long term serious relationship with financial, family or social obligations. I threw in the word 'intimate' because it's supposed to be a level above coldly banging the neighborhood prostitute for a quick orgasm. The bad thing about prostitutes is that they take your hard earned money, and then they think you're just *a big stupid jerk* who can only get some sex for money. They always fake their orgasms anyway!

No Attachments, Just Hot Fun Sex, that's Adult Dating -- Wow!

Just imagine this: You meet a hot, horny lady in a comfortable, relaxing setting. You have a friendly conversation, and then get to the hot, fun sex! **She won't rush you like that prostitute who only wants to empty your wallet or the golddigger who always cheats on you.** The only relationship you build between you and your Adult Dating partner is that you learn what gives you and your partner the best orgasm(s) and pleasure so that when you meet again you are TEASING AND PLEASING to levels unattainable with your old worn-out, old-fashioned relationships of the past.

Hey guys! This means no financial obligations, no getting married with expensive weddings, no horrible divorce settlements that leave you broke, no child support, no nagging wife, and just sweet pleasurable sex with someone that learns to love having sex with you and vice versa. Ahhh, life can be good if you just listen to Z Masked Writer!!!

♂ The Current Status of Men

Here's the Wake-up Call Fellas: **We live in a Gynocracy (gynecocracy)**

What the hell is a GYNOCRACY? Well guys, it's **a society ruled/controlled by women** which means it's time to abandon the old wine and dine routine to get sex. Don't pay for sex, women make as much money as you do, and they want sex just as much as you do too! Don't believe me? Well, here are some hard, cold facts and anecdotal cases:

- **Women control the government** – from national lawmakers down to your local lawmakers they all **are terrified** of the feminist lobby. Male lawmakers shake in their boots at the thought of confronting the feminist lobby! They wouldn't dare pass an anti-feminist, pro-male law!

- **Women control our educational system** – how many male teachers do you see in your local elementary school? Feminist anti-male thought and philosophy are in every textbook, lesson plan, encyclopedia, parent-teacher organization, and working environment of every school from kindergarten to the university. Women now outnumber men in our colleges and universities too.
- **Women own the feminist anti-family court system** - the ladies get the big divorce settlements, alimony, control of the children, child support, and the guys, well, we get to pay, pay, pay, and pay! *Essentially, women control the institution of marriage and divorce in this country.*
- **The News Media is pro-feminist and anti-male** – about the only place left for pro-male anti-feminist thought and philosophy is the Internet and maybe a few radio stations. Other than that, movies, sitcoms, television, news programs, magazines, cable TV, and even the music industry is pro-feminist and misandric (male hating). Do some research, you'll see this is true.
- **Reproductive Rights are controlled by women** – a woman is **entitled** to abort a baby when she decides she doesn't want to be a mother, a man can't walk away from fatherhood, he'll be lynched. On the other hand, a man doesn't even have the right to save his own child from abortion – no equality here.

But Hey Guys, Look at What We Get:

- **98% of the deaths in all wars are men** – no equality here.
- **Women outlive men by about 7 years.**
- Men are extremely overrepresented in the *dirty, grimy jobs of society especially if the job is life threatening*. Bottom line – men form a new lower caste that does the dirty work women don't want to do – no equality here.
- There is no 'WAGE GAP' between men and women (proven).
- For the same crime, men are given harsher punishment (proven).
- The latest news – **Women now control the majority of wealth in the USA!**
- **At any point in time**, a wife can drag her husband into the feminist anti-family court and economically rape him (the jerk who paid for all those dates before marriage) and forcibly control when and where he sees his own children.

- **Women control the sex game** – so many men spend big bucks wining and dining women before *the ladies allow us* to have sex with them. Or worse men go to a prostitute (who by their very nature hate men) and get economically raped by them.

And the list goes on and on. Actually, there isn't enough space here to adequately go into detail about this subject, so I have listed some websites here that deal with this subject in more detail:

True Anecdotal Cases

Case One: Your masked writer, Z Masked Writer, was recently in Phoenix, Arizona on business talking with a now oppressed peon (poor folk to you) driven into poverty by the [Tyrannical Feminist Gynocracy](#). Let's call him Joe.

Alas, poor Joe recounted his tale of woe and pain in his dealings with the local feminist anti-family court. A man accustomed to living a nice middle class life was reduced to living in a tiny cracker-box apartment and couldn't even afford to have a car. It pained me to see him walk in the hot Arizona sun to get to work. Why should this be, I asked myself? Since his ex-wife refused to work, the feminist anti-family court ordered him to pay her \$1300 a month in **alimony**. And if that wasn't enough, he was ordered to leave his home and continue paying the \$1200 a month mortgage for her to live in his house even though he wasn't even living there anymore. "She's a strong able-bodied women" lamented Joe, "why can't she just go back to work?"

Moral of the story: Poor Joe, if he had only done **Adult Dating for Sex**, he would have never married. He'd probably have two or three different sex partners right now to enjoy horny hot sex as time permitted. *Don't marry for sex, don't pay for sex by wining and dining women! Trust me, you don't have to, you will see why in a little while.*

Long ago, Joe had forsaken the enjoyment of sex with other women to dedicate himself solely to this [alimony-loving](#) leech who now won't even lift a finger to find a job. He's her slave for the rest of his life or **they will put him in jail!** That's Arizona anti-family, anti-male law and that's a fact!

Z Masked Writer Commercial Break Time

www.PlayHorny.com – the place to find hot, horny **Adult Dating Partners** who aren't looking to marry you and then take you to the cleaners in a divorce.

Case Two: Again, your Masked Writer, came upon another sad story of suffering at the hands of the **Tyrannical Feminist Gynocracy**.

A few years back, as I traveled through Southern California, on my way to Northern California, I began day dreaming about the Zorro of the 1800s riding through the California countryside *long ago* atop his faithful black-colored horse, Tornado, riding free with his sword at his side to end injustice, right all wrongs, and of course, seducing a few señoritas (hot chicks) here and there along the way.

He knew how to deal with tyrannical government officials in Old California too, as he rescued California caballeros (men, gentlemen) from the cruel government oppressors who robbed them of their hard earned money thru unjust taxation, court orders and outright thievery. He used his sword, his wit, and his fast horse, Tornado to get justice.

Then the sight of a Denny's up ahead ended the day dreaming as I realized how much I needed a bathroom break and a good cup of coffee. So, Z Masked Writer, entered Denny's with his faithful black-colored laptop, Tornado, and sat down at the counter as soon as he spotted a pretty señorita (hot chick, remember) waiting on the customers at the counter. Yes, Z Masked Writer loves to flirt with sexy ladies! A few minutes after I sat down at the counter and had exchanged flirtatious glances and small talk with the lovely señorita, an older tired-looking gentleman sat down next to me. After a few greetings with the older man, who we will call Larry, we began to talk.

Larry was 65 years old and traveling to live with his brother in Pasadena. I asked him if he was ready to retire, and his reaction was a little emotional. I had asked the wrong question that pushed the wrong button in Larry's head. "No", he said. "In fact, I'll probably have to work until I'm a 100 years old because of my damned divorce!" Larry blurted out. I could see the torment on his face when he said those words, so I tried to change the subject. Z Masked Writer does not like to see people suffering, but I was too late in trying to change the topic. Well, I guess he needed to vent out his frustrations. He started rambling on about the cruelty of the **tyrannical feminist anti-family court**.

He said, "I spent years building up my business until it was worth two million dollars, and then that fucking female judge gave it all to my wife, said my wife had to stay living in the house I paid for, and here I am 65 years old without a pot to piss in having to start all over again god damn it!" You can bet I was stunned in disbelief when I naively replied, "but this a community property state, you should have gotten at least one half of the value of the business, right?"

He then looked at me with a look that made me shudder a little and Larry said, “You know what that fucking bitch judge said to me in court?” “She said since I had the ability and know-how to start and create another two million dollar business and my wife didn’t have that same knowledge, my wife deserved to have the business because my knowledge was worth two million dollars! So, I got the knowledge and my wife got the two million dollar business!” Then he blurted out, “The family court is out of control and can do anything it fucking wants to, nobody cares about you , especially if you’re a man!”

Well, Larry then finished his coffee and was on his poverty-stricken way, and your masked writer turned on his faithful black-colored laptop, Tornado, and opened a Word document file to record the ill-fated story about Larry, the oppressed California caballero, for future reference.

So what the hell is the point of all of this? Guys, WE LIVE IN A GYNOCRACY, A FemiNazi DICTATORSHIP, WAKE UP, TIMES HAVE CHANGED!

Useful Term – **Feminazi**

Pronunciation: \ˈfe-mə-,nät-sē\ Function: *noun*

Etymology: **blend of *feminist* and *Nazi***

Date: 1989 *usually disparaging* : an extreme or militant feminist

Note: Do some research, you’ll find that Feminism is a Philosophy of Hate

The old ‘wine and dine’ approach is harmful to men and their wallets

Yes, Z Masked Writer, used to be the classic California caballero, wining and dining the señoritas just to get some pussy. Z Masked Writer spent thousands of dollars on expensive dinners, movies, night clubs, and weekend trips until Z Masked Writer realized that women are now CEOs, doctors, lawyers, and business owners who make about the same amount of money as the guys (the gender wage gap is a myth). This all didn’t seem fair to Z Masked Writer’s wallet. If women have the same amount of money as guys, why should the guys always pay for all the dating activities?

Then Z Masked Writer realized the cold hard truth. Some of the women he had spent money on probably had sex with him out of pity for spending a large amount of money on them. This is commonly known as a 'sympathy fuck' amongst the ladies. Z Masked Writer even realized that a couple of the señoritas were probably faking their orgasms. They were just giving him an orgasmic show, since he was the stupid schmuck (idiot) who had paid for the high-priced weekend vacation or that expensive dinner. What a jerk he was! Wining and dining a señorita was the same thing as paying money for sex. That made her a prostitute and Zorro the Masked Writer a chump trick schmuck. So Z Masked Writer did some research and a lot of reading and observation and realized the SHOCKING TRUTH ABOUT WOMEN.

The Shocking Truth

Are you ready for this guys? The following was written after careful research.

→**WOMEN WANT SEX AS MUCH IF NOT MORE THAN THE GUYS!**←

Women use vibrators when their men can't get them to have enough orgasms. A whole bunch of women will even cheat on their boyfriends/husbands just to get the orgasms they need and crave. Sex is just as important and necessary to women as it is for the guys. SO LET HER PAY FOR HER OWN DINNER! Learn how to give her the orgasms she craves and she'll probably pay for YOUR dinner. Now, your friendly Masked Writer, only goes out with women who pay their own way.

If you pay for everything, you'll never know if she is with you because she really wants and craves sex with you or is just there for the freebies

Women want more orgasms than men because they have one part of their body **devoted only and exclusively to sexual pleasure, the clitoris**. Men can use this fact to their advantage. Men aren't fortunate enough to have a part of our bodies devoted only/exclusively to sexual pleasure. Women can also reach climax by having other parts of their body (back of the neck, inner thighs, etc.) caressed, kissed and stroked. Women can more easily be turned on sexually through auditory (sexual talk) means than men.

Here is a better sequence to follow when you are into *Adult Dating for sex*. Start with the sex talk to get her started, kiss and caress the sensitive parts of her body, stimulate her clitoris until she has at least one orgasm, and then penetrate her. Each of the steps do require a lot more detail, but this example is just to give you guys a quick winning game plan to follow. Of course, you should do more study on the subject and practice, practice, practice. Believe me, you will enjoy each moment of the practice, practice, on women part of this plan.

The more she is addicted to intense make-her-scream orgasms that you give her, the more you, the orgasm-producing expert, will have the upper hand in the relationship.

If she **SCREAMS** from sexual pleasure from you, her **DREAMS** won't be for another man!

*Once you've perfected your sexual craft, you'll see that there is no need to pay for her dinner, movie tickets, or anything else because **she'll gladly pay for her own way just to be with her expert real-orgasm-producing lover.** She'll never fake another orgasm again!*

Looking for an Adult Dating Partner for Sex

So where do you find a hot seniorita willing to share exceptional orgasms with you without having to spend big bucks wining and dining her?

First of all, there are thousands of women who want to have a relationship with a guy that can give them true volcanic erupting orgasms that make them scream! Their Achilles heel is the clitoris and cravings for intense orgasms and they know it. They want a guy that lets them stop faking orgasms. So who are they and where do you find them? Well, the answer is real simple.

To understand **who** they are, let's look at some of their personalities.

- Unattached Women – These women are alone for various reasons, some good, some bad. It's reasonable to say that she is recently widowed or that she just broke up with her boyfriend or husband. But if she's been alone for some time, you better check things out thoroughly before getting involved. If she says she's been alone for some time because she wants it that way to be able to have sex with different guys, check it out.
- Attached Women – These are women with husbands or boyfriends, but they want the side action to give them the intense orgasms they crave. Either their husband/boyfriend isn't giving them enough orgasms or no orgasms at all. They might only be with the husband/boyfriend for the wining and dining, free vacations, house, or any of the other freebies bestowed upon them by those schmucks. Below is a copy of an actual ad on one of the online classified personals:

"The Old Man is off on a business trip and I need to satisfy some fantasies.. I have been married for sixteen years and he truly is a good guy. It just sometimes seems like he is more concerned about other activities. He travels often and this has left me feeling pretty lonely and just like I am not appreciated. I would like to find a man that can be kinda discreet. You must be pleasing to the eye and know how to be discreet. I don't know what to expect from this ad. I guess just email me and we will see what happens"

Ahhh, yes! The cravings for an intense orgasm are so strong in these women that they seek out other men when their husband/boyfriend doesn't perform. Besides, how can they respect a man who pays to have sex with them by paying for the expensive clothes, weekend trips and more just to get sex!

Yes, you can try the neighbor, someone at work, or someone you already know, but these people probably know too much about your personal life and may even sabotage things for you when things go wrong or you just get tired of each other. These people know too much about you which gives them the power to cause you a good deal of pain should you decide to both part ways on a negative note.

It's better to find someone on an online classified ad or through an Adult Dating service that you can find at www.PlayHorny.com . Before meeting, be sure you mutually agree to certain important things such as, who pays what, where you will meet and the terms. Do you both like the same sexual acts or do you both want to explore new things? Does she have a husband or boyfriend which means you both should be extra discreet? Does she want to know about your other sex partners or maybe she doesn't want to know.

Warning: Watch out for the women who are forever members of online dating websites. Yes, there now is a female demographic who can't seem to find a stable long-term relationship, and they haunt the online membership dating websites month after month, year after year. They are easy to recognize because if you read their descriptions of themselves, you will find that they are generally princess types (they feel **entitled** to your money), have many detailed demands about what they want in a man, and have feminist tendencies. A woman like this looks upon a date as a social situation where the man is expected to **entertain HER**. It's all about her, and her using the man's money and time for the sole purpose of **entertaining HER!**

♂ Conclusion

Finally, I hope you see the wisdom of recognizing that we live in a gynocracy, a FemiNazi Dictatorship where women control all the major societal institutions like education, marriage/divorce, government, etc. Women want sex as much as you do, so it makes no sense to pay for sex by footing the bill for the expensive weekend getaway, diamond ring, or that high-priced dinner. Women hide the fact that they have an insatiable, sex-craving clitoras because it is economically advantageous to them to hide this fact. For your sexual needs, it's better to engage in Adult Dating for sex where there is no financial or social obligation other than enjoying a mutually satisfying sexual relationship with someone who appreciates who you are, not someone who only sees you for the money you can spend on her. After all, there are a lot of good women out there that are worth knowing. **Not all women are femiNazis.** So, a sad adios (goodbye) from your friendly Masked Writer. *May you enjoy horny, pleasurable nights with the señoritas!*
